

Capability Statement

key Differentiators

Over 12 years of experience defining, designing, and delivering working solutions for our clients and partners.

As a team of security-minded software engineers, we have successfully achieved ATO for multiple web-based applications.

We use a broad range of automated scanning tools and manual processes to identify, prioritize, and remediate security vulnerabilities in both new and legacy code.

Our technical experts hold numerous industry certifications: Certified Scrum Master, Microsoft MCTS, Certified Ethical Hacker, CompTIA, and more.

Proven performance with clients in the Military, Executive Branch, Law Enforcement, Health, and Intelligence Community.

DoD 8570.01-M Compliant Staff.
